**UNHCR**  
The UN Refugee Agency

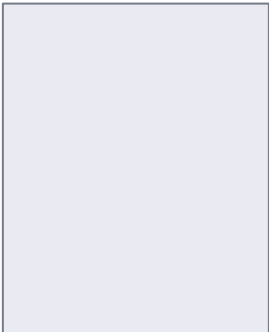

# Team 69

How might we help refugees further their education while they are confined to camps with limited technology and educational resources?

How might we help refugees **utilize their education** while they are confined to camps with limited resources?

Stephanie

# Considerations

Limited  
Connectivity

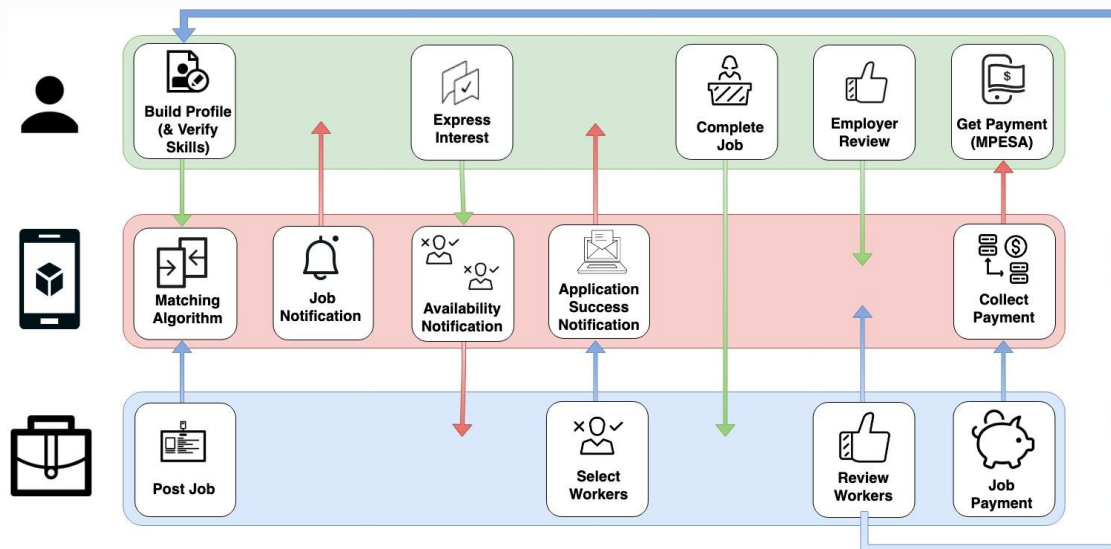

Remote  
Location

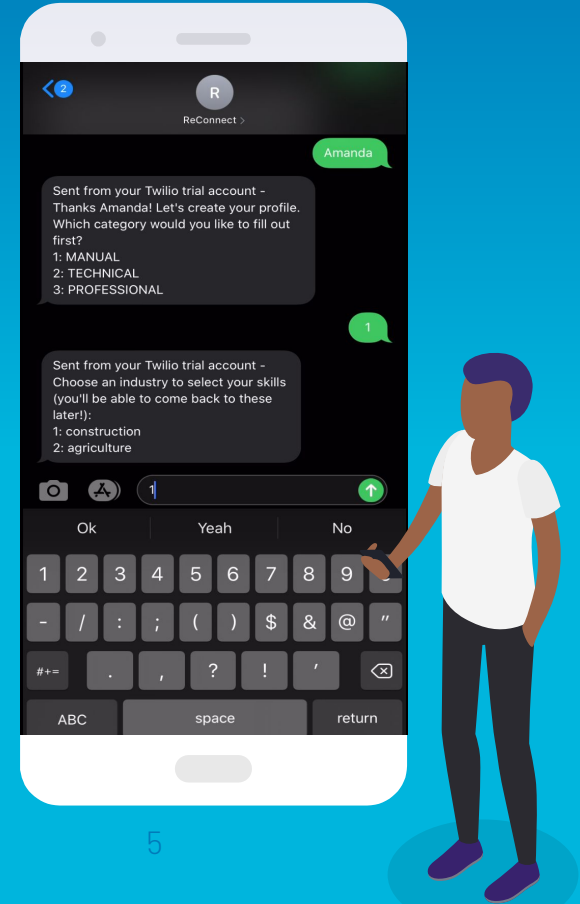

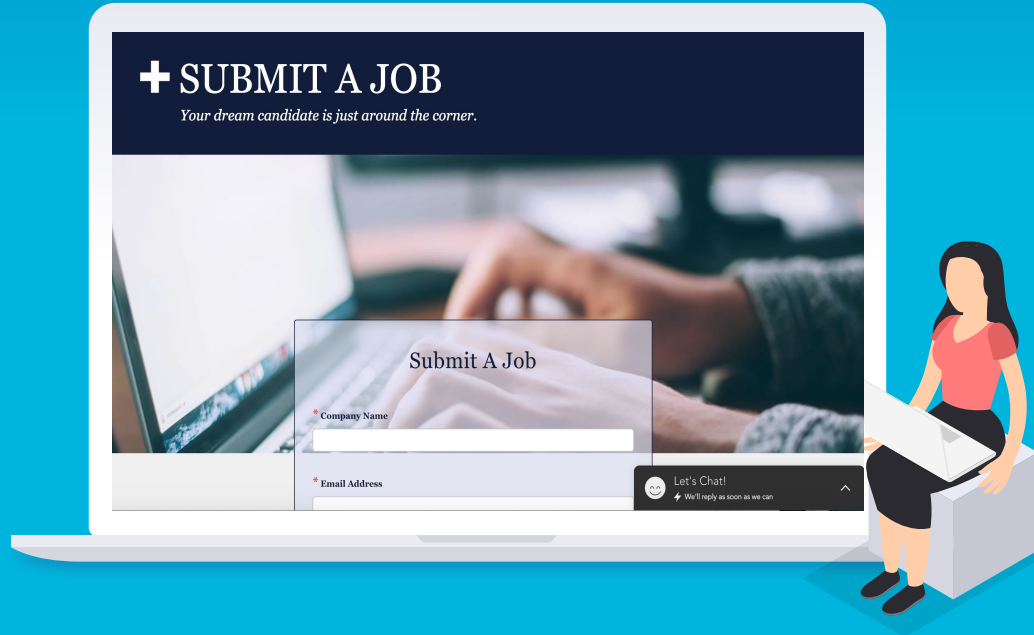

Lack of Bank  
Accounts

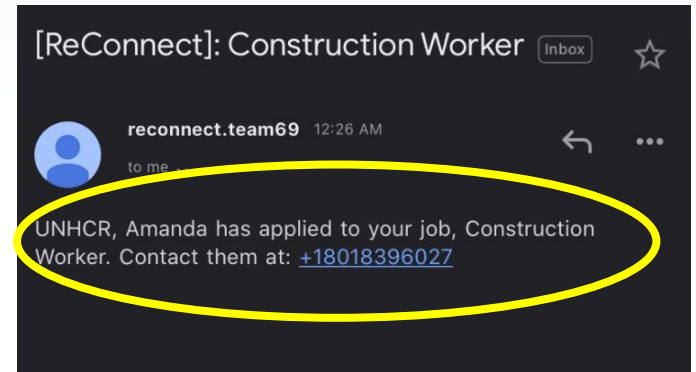

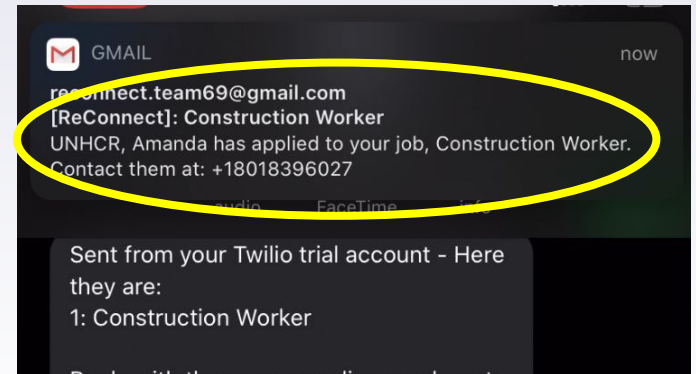

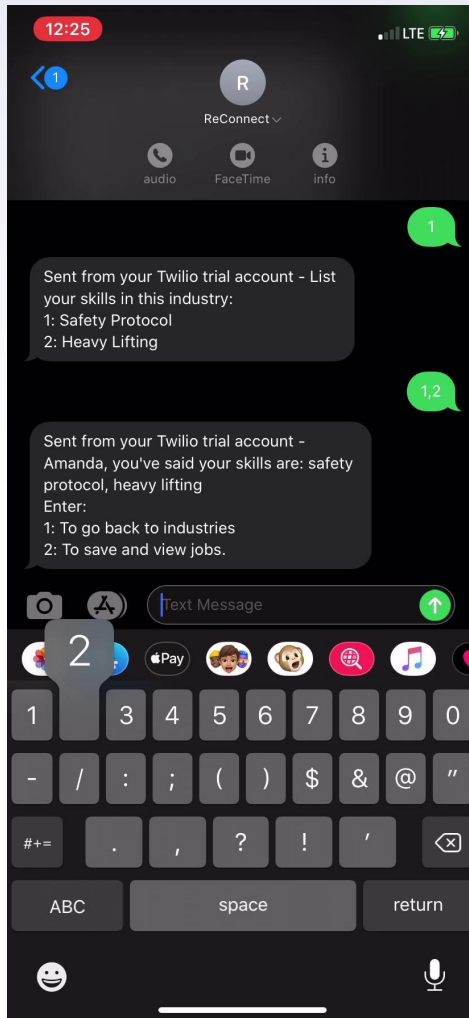

# RE-Connect

An online platform connecting refugees to the gig economy using low data solution.

A platform where employers can post jobs online using a web-based interface while refugees can build their profiles and apply to jobs using SMS texting.

**CORNELL  
TECH**

The UN Refugee Agency

# Next Steps

## Skills Verification

- Embed functions to verify skills of refugees before expressing interest to job postings

## MPESA

- Integrate mobile payment system
- Implement policies to ensure payment of work upon completion

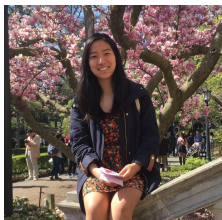

## Apprentice

- Provide opportunities for refugees to 'watch and learn' in the job

# Thank You
